Out of the Shadows: A Boy's Journey

by L. E. Allen

Out of the Shadows gives children a real story to talk about. It works as a bedtime read, a classroom read-aloud, or a book a young reader finishes alone and then wants to discuss.

Themes in the book

- Inclusion and kindness
- Friendship
- Growing up with a visual impairment
- Seeing people for who they are

Questions to talk about after reading

1. Why did Larry feel left out? What would you have wanted someone to say to him?

2. What did Larry's friends do that made a difference?

3. Has someone ever invited you in when you felt left out? How did that feel?

4. Who in your class or neighborhood could use an invitation this week?
